Chassis Usage Charge in Puerto Rico

June 1, 2022

We are continuing to monitor the costs associated with equipment and terminal operations in Puerto Rico. As a result, we will be adjusting our tariff rule as follows:

<u>Present Charge:</u>	<u>Effective July 1, 2022</u>
<p>Shipments to/from Puerto Rico will be billed a chassis usage charge beginning at 7:00AM on the second business day after chassis interchange and will accrue until chassis is brought back to Carrier's terminal and/or CARRIER's designated off-terminal repair facility.</p> <p>The day of interchange and the following business day are free days. Charges are as shown below:</p> <p>1 - 5 days - \$12.75 per chassis per calendar day or fraction thereof</p> <p>In excess of 5 calendar days - \$19 per chassis per calendar day or fraction thereof, Saturday, Sunday and Holidays included</p>	<p>Shipments to/from Puerto Rico will be billed a chassis usage charge beginning at 7:00AM on the second business day after chassis interchange and will accrue until chassis is brought back to Carrier's terminal and/or CARRIER's designated off-terminal repair facility.</p> <p>The day of interchange and the following business day are free days.
