- Copy of title, front and back, if vehicle is financed an original letter from the lien holder authorizing shipment from Puerto Rico is required. Police Department will not accept a copy.
- Current vehicle registration.
- Clear enlarged copy of the owner's driver's license. If you are authorizing someone to drop off on your behalf we will need a copy of their driver's license as well.
- A signed sworn declaration must be included and stamped by a lawyer licensed in Puerto Rico, indicating:
 - a. Reason why the vehicle is being shipped
 - b. Authorizing TOTE to export the vehicle
 - c. Vehicle Identification (make, model, year, VIN) and
 - d. If owner is not present to deliver, the authorized person must be included in the sworn declaration.
- **We collect and retain scanned copies of driver's licenses to document that vehicles are released only to designated and authorized personnel. This process allows TPR to demonstrate that vehicle releases are carried out in accordance with the agreed upon terms established with the customer. In support of regulatory compliance and operational control, scanned driver's licenses are stored securely in restricted systems with access limited to authorized personnel and are retained only for the period necessary to meet legal and business requirements. Customers are informed at the time of collection of the purpose for scanning and retaining their driver's license, and consent is obtained prior to doing so. Driver's license information is not used for any purpose beyond those disclosed.**

- If owner of the vehicle is not present in Puerto Rico to make all the proper steps to comply with all documentation nor to have the sworn declaration notarized by a lawyer in Puerto Rico for export:
 - a. Vehicle's owner will need to make a Power of Attorney, done at the city or country of residence and it must contain (Personal information of who is authorized to make anything in Puerto Rico on their behalf, vehicle information, Tote authorization to export and reason of why the vehicle is being exported).
 - b. Authorized Official Certification, which varies depending on the state (this may be a county clerk, Secretary of State, or others): Obtain a certification from the County Clerk in the state of residence confirming that the notary public who notarized the POA had a valid commission at the time of notarization. This step is crucial for Puerto Rican authorities to recognize the document's authenticity.
 - c. Authorized person in Puerto Rico needs to go to a public notary with the Original Power of Attorney from the owner for a Protocolization of the document. This is also known as an official registry of the document, this involves entering the document into the notary's protocol and issuing a Protocolization Act, which gives the POA full legal effect in Puerto Rico.

All Risks cargo insurance will insure the motor vehicle against all risks (Acts of God, fire, etc.) of physical loss or damage from any external cause (TOTE Maritime Puerto Rico must cause the damage) excluding marring, denting, chipping, scratching and damage caused by atmospheric fall out, up to a limit of liability of the sound market value of the motor vehicle at the time of the loss.

If you wish to purchase this insurance, please show the insured value of your motor vehicle below so that the applicable premium can be calculated. TOTE Maritime Puerto Rico recommends that you purchase All Risks insurance on your motor vehicle either from TOTE Maritime Puerto Rico, another agency or an insurance company.
